Teaching Audience

Jazz Power ON Summer Institute 2020

Challenges that the teachers face:

- Bullying online
- Technical challenges of teaching, parental control on devices
- The busyness that was created
- The win - what you had to overcome to be successful
- Problems with the technology
- How to break up the lecture
- Students needed the synchronous content to feel connected to the classroom
- Being seen in the classroom
- Conveying messages to our students through body language
- Technology limitations

Jazz Power ON Summer Institute 2020

Best Practices/Positive Experiences

- College - Could invite guests from anywhere to join the class
- High School - Reconnecting and coming out of your ownself to give to others
- Paradox that we are separate but we are not distracting one another
- Kids have to focus in a different way.
- Continue to offer ensemble classes
Web sites: Band Lab
- Students learning recording technology
